

Time	Session		Session Chairs	Room
8:30 - 10:30	Registration			Main entrance, Tervahovi building, 2nd floor
9:00 - 10:00	Newcomers' Coffee To welcome newcomers to the conference and make it easier to navigate the conference, we are organizing a Newcomers' Coffee session right at the beginning of the main conference. Join us to make yourself at home at NordiCHI, connect with other attendees, and kickstart conversations with the community!		Airi Lampinen, Antti Salovaara	Room Alma, Restaurant Mathilda, 1st floor
10:00 - 10:30	Coffee break			Restaurant Mathilda, 1st floor
10:30 - 12:00	Conference opening Keynote: Moving from Human-Centred AI to People-Centred AI – Professor Dr. Yvonne Rogers, University College London		Susanne Hägglund, Laura Havinen	Levón A202, 2nd floor
12:00 - 13:00	Poster Session 1		Marion Koelle, Juho-Pekka Mäkipää	Mathilda Lobby, 1st floor
	1 Values of Distributed Communities: An Approach to Remote Value Elicitation to Inform the Future Design of AI-supported Rare-Disease Diagnostic Tools Authors: Peter Sörries, Lorenz Grigull, Nadine Scholten, Christine Mundlos, Claudia Müller-Birn	8 Dual-Purposed NICU mHealth Support: A Multi-Stakeholder Study in Switzerland Combining Utilitarian and Hedonic Design Principles Authors: Daniel Do Vale Anes, Adrian Holzer, Laura Rio, Riccardo Pfister, Alessio De Santo	15 "Why do I continue to use an app daily, if I don't need it." Living with A Gamified Self-Care App through Seasonal Depression Authors: Wendy Zhou, Jichen Zhu	
	2 Criteria, Fit, and Compromise: How People Navigate Therapist-Seeking in Switzerland Authors: Fabio Haussener, Ibrahim Al-Hazwani, Elaine M. Huang, Nimra Ahmed	9 Beyond the Coffee Shop: Towards Adaptive Detection of Blood Glucose Rises in Long-Duration Locations Authors: Naziha Shekh Khalil, Hood Thabit, Paul W. Nutter, Sukru Eraslan, Yeliz Yesilada, Simon Harper	16 "Whenever a girl has a problem, we all go to the bathroom together": Exploring Menstrual Health Care Ecosystems Through the Lived Experiences of Children and Adolescents Authors: Marinja Principe, Tobias Kowatsch, Elaine M. Huang, Marcia Nißen	
	3 Materialising Care: Designing a Conversational Agent with a Minimally Verbal Person with Dementia Authors: Ralf Vetter, Matthias Hirschmanner, Amber De Coen, Christopher Frauenberger	10 Legally Mandated, but Still Inaccessible: Digital Tensions in Older Adults' Use of Norwegian Web Services Authors: Yavuz Inal, Sujay Shalawadi, Eleftherios Papachristos	17 Conceptualising an Initial Design Space for Guidance in Digital Physical Activity Support Authors: Faith Young, Markus Tatzgern, Alexander Meschtscherjakov, Jan Smeddinck	
	4 Exploring a Data-enabled design approach to support early literacy skills in children with intellectual disabilities Authors: Harsh Shrivastava, Shivangi Anand, Aakash Johry	11 Investigating Intersection-Based Hybrid Selection for Mixed Reality Authors: Sebastian Hubenschmid, Paul Rinau, Johannes Zagermann, Tiare Feuchtnr	18 Negotiating Acceptable Boundaries: Psychologists' Perceptions of AI-Supported Mental Healthcare Authors: Catarina Santos Faria, Beatriz Jardim Peres, Pedro Campos	
	5 From Awareness to Action: Supporting Survivors Experiencing Technology-Facilitated Abuse Authors: Ashley Sheil, Michelle O'Keeffe, Jacob Camilleri, Moya Cronin, Melanie Gruben, Anne Ryan-Duffy, Elaine Calnan, Hazel Murray	12 Play Prompt Generator: A Tool for Play Micro-Rituals in Everyday Family Life Authors: Lana El Jamal, Duygu Aksoz, Maleeha Qadrat, Duru Hotanoglu, Alp Tuğan, Gökçe Elif Baykal	19 Exploring the Potential of Personalized Virtual Reality Environments for Sleep Support Authors: Ksenia Beloturkina, Isabelle Cuber, Thomas Fritz, Elaine M. Huang	
	6 Designing Smart Artifacts for Reflecting Everyday Life through Ritualization Authors: Risa Kimura, Tatsuo Nakajima	13 Mitigating Grounding Costs for Relation Work in Real-Time S2ST-Mediated Online Therapy Authors: Christian Hempel, Pernille Bjørn	20 Co-Designing Child-Centered Digital Speech Sound Disorder Assessment Tools with Speech Language Pathologists Authors: Arzu Guneyusu, Alice Engvall, Helena Bjorelius, Isabell Hammarlund	
	7 Enhancing ICU experience with Digital Nature: a patient case study informed by nurse perspectives Authors: Chan Mi Kim, Nikita Sharma, Meyke Roosink, Thomas van Rompay, Geke Ludden	14 Expert, Peer, or Future-Self? Exploring Relational Roles in Smoking Cessation Conversations Authors: Natalia Bartłomiejczyk, Philippe Oswald, Adrian Holzer, Alessio De Santo	21 Toward A Crip HCI of Menopausal Intimacy and Pleasure Authors: Omleila Mohammadi, Bernhard Maurer, Verena Fuchsberger	
12:00 - 13:30	Lunch			Restaurant Mathilda, 1st floor
12:00 - 13:30	Community Lunch		Airi Lampinen, Antti Salovaara	Room Alma, Restaurant Mathilda, 1st floor

TUESDAY Oct 6, 2026

University of Vaasa, Tervahovi building

Time	Session 1	Session 2	Session 3
15:30 - 17:00	Panel: Is AI making researchers’ work more meaningful? Moderator: Torkil Clemmensen Room: Levón A202, 2nd floor Panellists: Åsa Cajander, Marta Kristín Lárusdóttir, Anna Viljakainen, Antony Willam Joseph	Research papers: Virtual worlds Session chair: TBA Room: Wolff B201, 2nd floor	Research papers: Psychological Experiences Session chair: TBA Room: Kurten C203, 2nd floor
	The panel aims to critically examine the meaningfulness of researchers’ work, as AI is adding layers of complexity to research environments and discusses the diverging roles of AI in safety critical, non-safety critical, ethical, and care domains. The panel invites diverse perspectives on AI’s impact on human abilities and work meaningfulness, contributing to the debate on how AI affects research practices in different work settings.	Paper: Designing Privacy Interfaces for Informed Consent in Virtual Reality: Challenges and Design Implications Authors: Viktorija Paneva, Verena Winterhalter, Naga Sai Surya Vamsy Malladi, Evgeniia Maltseva, Marvin Strauss, Stefan Schneegass, Florian Alt	Paper: Existential Probes: A Method to Elicit Existential Concerns in HCI Authors: Nathalie Papenfuß, Sara Wolf, Lena Kutter, Jörn Hurtienne
		Paper: A Qualitative User Study Investigating Designs to Reduce User Challenges in Cross-Reality Transitional Interfaces Authors: Daniel Schacht, Jan-Henrik Schröder, Jakob Proksch, Tino Breier, Linus Reil, Hans-Christian Jetter	Paper: Integrating Ecodesign Tools into Digital Media Work: Adoption and User Experience in Practice Authors: Magdalena Brunner, Anne Thiess, Agnieszka Kittowska, Bruce Ferwerda
		Paper: From Planning to Verification: Designing Interactions for Multi-Drone Search and Rescue Operations in Mixed Reality Authors: Lorélia Latache, Christophe Jouffrais, Jérémie Garcia	Paper: Labeling Negative Comments on Online News: An Experimental Study Authors: Joel Kiskola, Moshi Qin, Ella Andersson, Hannemari Kuusisto, Aapo Syvänen, Thomas Olsson, Mirja Ilves, Venla Kamppari, Poika Isokoski, Gary Bente, Veikko Surakka

WEDNESDAY Oct 7, 2026

University of Vaasa, Tervahovi building

Time	Session 1	Session 2	Session 3	Session 4
13:30 - 15:00	Panel: Industry-Academia Collaboration in HCI: Impact or Illusion? Moderator: Thomas Olsson Room: Levón A202, 2nd floor	Research papers: Tools for reseach and practice Session chair: TBA Room: Wolff B201, 2nd floor	Research papers: Wellbeing and Care Session chair: TBA Room: Kurten C203, 2nd floor	Critiques 3 Session chairs: Marta Kristín Lárusdóttir, Johanna Ylipulli, Maria Normark Room: D124, 1st floor
	Panelists: Dag Svanæs, Petra Björndal, Tauno Kekäle	Paper: Was It Worth It? Retrospective Meaning-Making in Co-Design Authors: Jemina Colley, Jasmin Niess, Suhas Govind Joshi	Paper: Robot-Accompanied Walking (RAW) Activity for Older Adults – A Qualitative Study on Wellbeing and Robot Literacy Authors: Aino Ahtinen, Salla Jarske, Paula Vasara, Hilla Kiuru, Heli Valokivi, Roope Raisamo	Paper: Closing Time: A Theatre of Augmentation Authors: Ola Njå, Arne Eirik Nielsen, Harald Holone, Suhas Govind Joshi, Jo Herstad
	This panel will critically discuss the state of collaboration and cross-pollination of knowledge between academic research and industrial practice in HCI. What should practitioners learn from our current research and researchers learn from current practice? How to make HCI research (even more) relevant to the private sector and surrounding society as a whole? We welcome diverse perspectives on this broad topic and invite the attendees to bring additional questions to the discussion.	Paper: PersonaBase: Computational Resources for Advancing the Research and Practice of Data-Driven Personas Authors: Joni Salminen, Danial Amin, Ilkka Kaate, Bernard Jansen	Paper: Unpacking People's Perceptions of Human Digital Twins through Role Framings: A Scenario-Based Survey Study in Preventive Health Contexts Authors: Yinchu Li, Carine Lallemand, Regina Bernhaupt	Paper: The Illusion of the Posthuman Turn in HCI Authors: Tom Metcalfe, Loraine Clarke
		Paper: PaperBlox: Reducing Equipment Barriers in TUI Prototyping via Paper Templates and Computer Vision Authors: Hannah van Iterson, Tianqin Lu, Sandra Bae, Steven Houben, Rong-Hao Liang	Paper: From Nuisance to Facilitator: A Mixed-Methods Evaluation of an AI Documentation Assistant for Anesthesiologists in the Operating Room Authors: Tobias Grundgeiger, Stephan Huber, Adriana Wießner, Matthias Dunkelberg, Simon Ottenhaus, Anja Nagel, Christina Dilling, Oliver Happel	Paper: Beyond the Corporeal Standard: Virtual Reality's Normative Neurology and the Invisible Exclusion of Neurodivergent Users Authors: Jingrong Wang, Ziyuan Jiang
		Paper: From Features to Value: A Metric Planner for Linking UX and Business Outcomes Authors: Gessé Evangelista, Tatiana Alencar, Malik Sami, Luciana Zaina, Pekka Abrahamsson	Paper: Between Knowledge and Care: A Mixed-Methods Evaluation of Generative AI for T2DM Self-Management from Patient and Physician Perspectives Authors: Ruiqi Chen, Yibo Meng, Huidi Lu, Xiaolan Ding	Paper: Before I Am Asked Again: On Passing as Human In Digital Systems Authors: Pernilla Josefsson, Karin Hansson, Francis Lee, Daniel Bodén
		Paper: BranchVis: Interactive Exploration of Generative Image Editing Histories Authors: Rifat Mehreen Amin, Alexander Nuss, Michelle Dutoit, Andreas Butz	Paper: Participatory Evidencing and Relational Autonomy: Co-Informing Design for Bipolar Disorder Self-Management Tools Authors: Karin Bogdanova, Nazli Cila, Olya Kudina, Alessandro Bozzon	Paper: Hiding in the Shadows: Exploring the Illusion of Control in Self-Tracking and Quantitative Personal Data through Evocative Autoethnography Authors: Rosa van Koningsbruggen
		Paper: PD-AES: A Participant-Driven Approach to AAC Research Authors: Tanja Vihriälä, Tiina Vuohijoki, Charlotta Elo, Jaana Mäkinen, Johanna Virkki	Paper: Interpreting AI-Mediated Support: Understanding Its Effectiveness in Social Media-Induced Anxiety Authors: Yiwen Shang, Yangtao Ge, Lucy Robinson, Encong Wang, Caroline Claisse, Christopher Bull, David Kirk	Paper: You Cannot Optimize Learning Like a Factory Authors: Noora Nieminen
